

There are 3 Payment and Ordering Options:

- 1. Payment by envelope** – Pay at the camera via check or cash in the payment envelope that is attached to the flyer. (Student gives the envelope to the photographer prior to their picture being taken.) Pictures are delivered with everyone else's 2-3 weeks after picture day.
- 2. Online Payment** – Order online via our website www.mylifetouch.com. Orders may be placed prior to picture day, on picture day, **or up to 48 hours after picture day** by entering the Picture Day ID listed on the order form, or by searching for it on the site. Nothing needs to be submitted to the photographer on picture day for orders that are placed online (our lab will match up the student's orders with their names). This option provides same prices and delivery time as payment by envelope, but also permits creating a custom package and/or using more than one background for the package.
- 3. Late Payment or Reorder** – Parents may order or reorder after all packages are delivered via the instructions that will be provided to all students at that time. This option is available once the packages from picture day are delivered and carries shipping and handling charge of \$3.99 per package, and will result in delivery 2-3 weeks after placing the order.
