

8/8/2017.

Dear Students of St Charles Bromme.  
My name is Brian. I received  
a bicycle from you, through our teacher.  
I would like to express my sincere  
thanks through this letter. I was not to  
attend on 8/8 but my father forced me to attend  
in the evening; our teacher came with  
a big ~~bag~~ full of bicycles, shoes and sandals,  
so when they were being off loaded, I thought  
maybe someone had got lost but only to  
ask the teacher that they were for students  
and our teacher explained to us that they were  
from our friends in America and he mentioned  
St Charles Bromme school that all was  
organised by Eunice Stupue who visited Engar's  
years back, shortly after his communication  
my name among other names was read as I was  
to take a bicycle!! This was like not true but it  
became true when it was in my hands.  
Now!! how can I thank you (students, Eunice and teacher even)  
you are all very very great people in the world -  
This is the best gift I have ever got in my life  
you are all worth "A BIG THANK YOU"

God bless you
